# AvePoint Online Services for Partners 2 Service Pack 1

Release: June 18, 2017

## New Features and Improvements

- Added the Service Type field to distinguish the Basic, Standard, and Premier Enterprise licenses of DocAve Backup for Salesforce®.
- Added support for AvePoint Cloud Backup.
- Changed the license model. Now DocAve Backup for Salesforce® and the following Office 365 services are provided to partners:
  - AvePoint Cloud Backup
  - AvePoint Cloud Management
  - AvePoint Cloud Archiving
  - Governance Automation Online (Includes AvePoint Cloud Management)
  - Compliance Guardian Online
  - File Share Integrator Online
  - AvePoint Cloud Insights
- The Customer Operations Report now shows the site connection number of File Share Navigator Online and data collection status of AvePoint Cloud Insights.
- Added new notifications. If a user deletes a customer, a notification e-mail will be sent to the partner system account and the operator. If a partner system account deletes a customer, a notification e-mail will only be sent to the partner system account.

# AvePoint Online Services for Partners 2

Release: May 21, 2017

## New Features and Improvements

- The name of the platform has been changed to AvePoint Online Services for Partners.
- Updated the design of the following pages in AvePoint Online Services for Partners: **Home, Customer Directory, Settings, Report, Customer Operations Report, License Usage, Storage Consumption Report, and User Activity Report.**
- Added an **FAQ** page to show questions and answers that customers may encounter when using the AvePoint Online Services for Partners portal.

# AvePoint Online Partner Services 1 Service Pack 7

Release: March 19, 2017

## New Features and Improvements

- Adjusted the **License Modification History** report to display a partner's DocAve Online license information by module.
- Partners can now assign DocAve Online enterprise license to customers by module In the **Invite Customer** page.
- Partners can now assign and manage their customers' DocAve Online licenses by module in the **Manage License** page.

# **AvePoint Online Partner Services 1 Service Pack 6**

Release: February 19, 2017

## **New Features and Improvements**

Minor edits and improvements.

# AvePoint Online Partner Services 1 Service Pack 5

Release: January 15, 2017

## New Features and Improvements

- Administrators and users who have the **License Usage** permission are now able to view their AvePoint Online Services product license usage, and allow administrators to view and export the license modification history report.
- Administrators and users who have the **Storage Consumption Report** permission are now able to view their customer's storage consumption.
- When a partner's license is modified, the system will send notification e-mails to the partner account and its account manager automatically.
- When a license of a partner's customer is modified, the system will send notification e-mails to the customer account and partner account automatically.

# AvePoint Online Partner Services 1 Service Pack 4

Release: December 18, 2016

## New Features and Improvements

- You can now sign into AvePoint Online Partner Services with an Office 365 account.
- Partners can now sign up for AvePoint Online Partner Services by themselves with an Office 365 account.

# AvePoint Online Partner Services 1 Service Pack 3

Release: November 20, 2016

## New Features and Improvements

- AvePoint Online Partner Services allows partners to create customized invitation e-mail templates and set them as default ones. After a user or customer is invited to the system, AvePoint Online Partner Services will send an e-mail to the user or customer via the default invitation e-mail template.

# AvePoint Online Partner Services 1 Service Pack 2

Release: October 16, 2016

## New Features and Improvements

- Support AvePoint Cloud Insights in AvePoint Online Partner Services.
- Partners can now invite additional administrators into the AvePoint Online Partner Services interface. Users can be placed in security groups, delegated management tasks and be assigned to manage specific customer accounts.
- The **Customer Operations Report** histogram has been changed to a line graph.
- On the **Home** page, **Today** is now an option of the **Time Range** drop-down list.
- There is now support for Mozilla Firefox browser.
