CHALLENGES

The business challenge that led the profiled organization to evaluate and ultimately select AvePoint's DocAve Software:

- Experiencing a lack of a direct migration path from the source to the destination
- Unable to reorganize content upon migration

Chose AvePoint over:

- Metalogix
- Native Microsoft functionality
- In-house development

Chose AvePoint over the competition because of:

- Reputation as an industry leader
- Functionality satisfied migration pain points
- Enterprise scalability to handle large and complex migrations
- Support and services

USE CASE

System migrated from:

- SharePoint 2007

System migrated to:

- SharePoint 2010

RESULTS
