

DocAve[®] File Share Navigator 3

Release Notes

Service Pack 1 Cumulative Updates 1

Released August 2015

File Share Navigator 3 SP1 CU1 Update Details

Refer to the **Updating the Solutions** section of the [File Share Navigator Installation and User Guide](#) for important steps to take before and after your File Share Navigator update.

The following table provides important update details specific to File Share Navigator 3 SP1 CU1.

Required Minimum Version for Direct Update	File Share Navigator 2 or later is required to directly update to File Share Navigator 3 SP1 CU1.
Supported SharePoint Version/Patch Levels	SharePoint 2013 or SharePoint 2010
New License Required?	If you are updating directly from File Share Navigator 2 or File Share Navigator 2 SP1, an updated license is required to run File Share Navigator 3 SP1 CU1. Please contact AvePoint Support for an updated license.
IIS Reset Required?	During the update process, IIS is reset on the server where File Share Navigator is being updated.

New Features and Improvements

Various bug fixes and enhancements.

Bug Fixes

- Fixed a bug that occurred when attempting to call a SharePoint API whose name changed.
- Fixed a bug that would cause the thumbnail preview to not load after multiple upload operations.
- Fixed a bug that would cause a failure when trying to register a DropBox storage location.
- Fixed an installation error that would occur in a German-language-server environment.
- Increased the number of concurrent sync jobs to 30 to improve sync times. This setting can also be configured in the **AppConfig.xml** file, located in the following directory: *C:\Program Files\Common Files\Microsoft Shared\Web Server Extensions\14\TEMPLATE\FEATURES\DocAve.FileShareLinks\FileShareLinks\Config*

Known Issues

- If Apple Safari is used, an error occurs when the user attempts to upload multiple documents in the File Share Links list. The uploading progress displays 100%, but remains unchanged. This problem occurs because Microsoft Silverlight does not currently support Apple Safari.
- Synchronization jobs take longer in SharePoint 2013 environments than in SharePoint 2010 environments due to SharePoint 2013 API limitations.

- Clicking the UNC link in the File Share Links list or the **Download Directly from the File Share** button on the Preview page to upload .dxf files will result in Internet Explorer displaying random letters and numbers.
- The new **Pause** and **Resume** functions are not fully supported with Internet Explorer 9.
